

Verifies TCP connectivity from your browser to Twilio's TURN servers. Note: TCP connectivity is not currently supported in Twilio Voice.

Pass | NTS: TURN TLS Connectivity

Verifies TLS connectivity from your browser to Twilio's TURN servers. Note: TLS connectivity is not currently supported in Twilio Voice.

Pass | Voice: Bandwidth

Determine how many simultaneous Twilio Voice calls your network can support.

Pass | Voice: Test call using PCMU

Test the browser's ability to make calls with Twilio Voice.

An edge location can be specified by adding it as a query param:  
<https://networktest.twilio.com/?edge=ashburn>  
(<https://networktest.twilio.com/?edge=ashburn>)

Pass | Voice: Test call using Opus

Test the browser's ability to make calls with Twilio Voice.

An edge location can be specified by adding it as a query param:  
<https://networktest.twilio.com/?edge=ashburn>  
(<https://networktest.twilio.com/?edge=ashburn>)

## Log Output

[12:45:30] Test "Test call using PCMU" started...

[12:45:31] Initializing Twilio Voice. Setting up Twilio.Device using PCMU...

[12:45:32] Twilio Voice initialized

[12:45:32] Twilio Voice connected to edge location frankfurt

[12:45:32] Requesting microphone access...

[12:45:32] Call connected with CallSid CAf458b5c570175524080683c526d7d00f

[12:45:43] Call was hung up

[12:45:43] RTT: [avg: 34.95ms, min: 34.79ms, max: 35.12ms]

[12:45:43] Jitter: [avg: 0.5s, min: 0s, max: 1s]

[12:45:43] Packet Loss: [avg: 0%, min: 0%, max: 0%]

[12:45:43] Twilio Voice disconnected. Overall quality

[12:45:43] Test "Test call using PCMU" ended

[12:45:43] Test "Test call using Opus" started...

[12:45:43] Initializing Twilio Voice. Setting up Twilio.Device using Opus...

[12:45:44] Twilio Voice initialized

[12:45:44] Twilio Voice connected to edge location frankfurt

[12:45:44] Requesting microphone access...

[12:45:44] Call connected with CallSid CA0006542777f197de496f9edff4e7e703

[12:45:56] Call was hung up

[12:45:56] RTT: [avg: 71.86ms, min: 64.04ms, max: 79.69ms]

[12:45:56] Jitter: [avg: 0.5s, min: 0s, max: 1s]

[12:45:56] Packet Loss: [avg: 0%, min: 0%, max: 0%]

[12:45:56] Twilio Voice disconnected. Overall quality

[12:45:56] Test "Test call using Opus" ended

These tests are Twilio-specific. For more general WebRTC tests, please visit <https://test.webrtc.org> (<https://test.webrtc.org>).
